

## Chain ... Chain stitch family

Bring the needle up through the fabric and hold the thread with the left thumb.

Insert the needle as illustrated, so that the point emerges a short space along the line to be stitched.

With the thread wrapped under the needle point pull the needle through the fabric to make the first stitch.

Insert the needle into the middle of the chain stitch with the point emerging further along the line.

Once again wrap the thread under the needle and pull through.

Continue in this manner along the line.

### Uses for this stitch:

Can be used to create a line

**Also known as:** tambour stitch and point de chainette.

## Detached Chain ... Chain stitch family

Bring the needle up through the fabric and hold the thread with the left thumb.

Insert the needle as illustrated, so that the point emerges a short space away.

With the thread wrapped under the needle point pull the needle through the fabric.

To fasten the loop make a small straight stitch.

### Uses for this stitch:

Can be used to create leaves, flower petals, etc

**Also known as:** daisy stitch, lazy daisy stitch, tall chain stitch, loop stitch, tied loop stitch, picot stitch and knotted knot stitch

## Fly Stitch ... Fly stitch family

Bring the thread up through the fabric at the top left of where you want to create the stitch.

Hold the thread down with the left thumb and insert the needle to the right and level of where the thread emerged.

Make a stitch on a downward angle so that the needle emerges between the two points as illustrated.

With the thread wrapped under the needle, pull it through the fabric.

Secure the 'V' in position with a small vertical straight stitch.

### Uses for this stitch:

Can be used in foliage and to create patterns

### Also known as:

'Y' stitch, and open loop stitch
